

U.S. Out of Iraq! March on Day 1 of the Republican National Convention

Sept 1, 2008
St. Paul, MN

**Money for human needs, not for war!
Say no to the Republican agenda!
Demand peace, justice and equality!**

Everyone who wants to end the U.S. war on Iraq should join the massive march planned for September 1, 2008 - the first day of the Republican National Convention. Inside the convention hall, the Xcel Center, the Republicans will nominate another candidate that wants to continue the war. Outside, tens of thousands will say "No!" The world will be watching, as every movement for peace, justice and equality will take to the streets of St. Paul, Minnesota. Together we can make a difference.
